

SHAURYA BIST

WEB DEVELOPER

[Portfolio](#) | [LinkedIn](#) | shauryabist01@gmail.com | +91 80775 15946

MCA (Data Science, powered by Intel) student at Chandigarh University with a BCA in App Development from PES University. Experienced in building full-stack web applications, redesigning production websites, and delivering hardware-integrated software through internships. Skilled in React, Flutter, Firebase, MongoDB, Figma, Webflow, and WordPress, with a strong interest in scalable web technologies and a growing foundation in data science and AI. Passionate about solving real-world engineering problems and eager to contribute to innovative, high-impact software development teams.

AREA OF EXPERTISE

Languages & Frameworks: JavaScript, Python, HTML/CSS, Flutter/Dart, React

Databases & Cloud: MongoDB, Firebase, Google Cloud

Tools & Platforms: Figma, Webflow, WordPress, Android Studio, Tableau

PROFESSIONAL EXPERIENCE

Software Engineer, Univ Labs

Feb '26 - April '26

- Redesigned the CCU (Common Control Unit) control panel, improving usability, interface clarity, and overall user experience.
- Integrated frontend UI with backend services to enable seamless task execution and system workflows.

Webflow Developer, Cedro

July '25 - Sept '25

- Led the end-to-end website redesign process for the company including ideation, wire framing, high-fidelity UI, UX flow definition and final design execution using Figma.
- Improved page navigation structure, user journey flow and information architecture to reduce user friction and enhance conversion pathways.

End to End Development, Pawsify

Aug '24 - Present

- Building Pawsify, a platform designed to simplify pet care, support rescue initiatives, and bring together pet parents, veterinarians, and animal welfare organisations..
- Leading the full-stack development of the app using Flutter + Android Studio integrating Firebase.

EDUCATION

Masters in Computer Application

Aug '26 - Present

Chandigarh University, Mohali

- Specialization in Data Science, powered by Intel

Bachelors of Computer Application

Aug '23 - May '26

PES University, Bengaluru

- Specialisation in App Development.
- Engaged in hackathons, tech projects, and product-based development initiatives

High School

April '09 - May '23

St. Joseph's Academy, Dehradun

- High school diploma in Commerce - CISCE board

ADDITIONAL INFORMATION

- Languages:** English, Hindi.
- Activities:** Worked in Aatmtrisha '24 (College Fest) under Disciplinary Committee and Samarpana '23 (College Event) under Logistics.
- Distinction Certificate Received distinction certificate for scoring 7.9 CGPA in 4th semester (2025).
